HEALTH AND SAFETY

Camper Health History Form: **No child will be admitted to camp unless their health history form is completed and immunizations are uploaded into your camp account.** All campers MUST have a current health history record completed in their camp account by May 15th. Immunizations must be valid for the duration of the summer.

Emergency Contact (other than parent) must be entered into your camp account

Sun Protection: We ask that parents apply sunscreen to their camper before they leave home each morning. We also recommend campers bring in sunscreen to be kept in their backpack during the summer. Our staff will make sure that sunscreen is reapplied throughout the day. JCC Rockland Camps has a minimum of 30 SPF sunscreen available for use if a camper forgets or runs out during the course of the day. We will apply to each camper after their swim period.

Camp Nurse: We have an experienced registered nurse on site every day. If, for any reason you need to be notified of an illness or incident you will be called immediately. Please understand that not every trip to the nurse warrants a phone call home.

In the event a camper becomes ill while at camp, campers will be brought to the nurse who will assess the camper. **Please be sure that your personal contact information and emergency contact information is up to date in your camp account.**

Should your camper require an early pickup due to illness, you or your emergency contact MUST arrive within 30 minutes of being notified by the nurse. Refer to the late pick up fee should your child not be picked up within the 30 minute time allowance.

Medications: Over-the-counter and prescription medications to be administered by the Camp Nurse must be kept in the nurse's office, labeled by the pharmacy, and accompanied by a note/prescription from your doctor along with our Medication Authorization Form (forms are available in the camp office).

If your child does not feel well: If your child feels ill first thing in the morning please do not send him/her to camp. Our experience tells us that children generally feel worse as the day progresses. For your child's benefit, as well as those in their group, please be sure they are healthy prior to sending them to camp. Please keep your camper home if they are experiencing:

- A new cold, where mucus runs clear
- A cold (green mucus) with a drop in your camper's energy level or change in behavior
- Vomiting, at any time in the past 24 hours
- A stomach ache or little to no appetite
- Diarrhea at any time in the past 24 hours
- Pink eye (characterized by pus and redness in one or both eyes)
- Chicken pox, when all the pox are not yet scabbed over
- Throat infections such as strep
- Nits or lice
- Urinary tract infection
- COVID-19

Fever: Campers with temperatures 100 degrees or higher must be fever free (without assistance of fever reducing medication) for 24 hours prior to returning to camp.

Head Coverings: Disposable liners are used inside all of our helmets for your child's protection.

If your child has a special need or medical condition, please call the camp office prior to the start of camp to schedule an appointment with the director and other necessary staff members. The goal of this initial meeting is to establish a plan of support that is appropriate for your camper. Any non-academic IEPs **MUST** be shared with the Camp Director.

DISCIPLINE POLICY

All campers are expected to conduct themselves appropriately and follow camp rules while attending JCC Rockland Camps. We believe that discipline:

- Is based on logical consequences
- Places the responsibility on the behavior
- Keeps options open
- Is a learning opportunity
- Is an active teaching process that emphasizes teaching a person to act in a way that will result in more successful behaviors

The following actions will be taken when a child exhibits inappropriate behaviors or is found in possession of anything that can be deemed harmful to themselves or others during camp:

STEP 1 — Verbal Reminder: Staff will use verbal cues to redirect, correct, and remind the child about appropriate behaviors.

STEP 2 — Time In: When a child uses inappropriate behavior, the child will receive Time In. This is where the child and a staff member will sit and discuss the behavior and options as well as actions that can be put in place for the child to better handle a similar situation going forward.

STEP 3 — Time Out: This is when the prior two steps have been met with resistance or complete disregard. The child is given a short period of time (no more than one minute per age of child, not to exceed ten minutes) to relax and reflect on the situation. During this time, the child will be separated from the other campers but in the view of staff. The child may be asked to use this time to write or color about the situation.

STEP 4 — Parent Alert: Parents will always be notified of any behavioral issues that came up during the camp day. You will receive an email or phone call. If a parent/staff conference is necessary, a date and time will be arranged for a private meeting to take place and further discuss the behaviors and plan of corrective action.

SUSPENSION/EXPULSION

If the behavior of a child causes bodily harm with visual signs of abuse, the act is done with malice or there is continued behavioral issues, the Camp Director, in conference with the Chief Operating Officer may place a child on suspension for one to five days. If, upon the child's return to the program, the behaviors that caused the suspension or other issues arise the child may be expelled from the program at the discretion of the Camp Director and COO.

This policy will be followed by all staff. Special considerations will be handled on a case by case basis at the discretion of the Camp Director and COO.

PARENT/GUARDIAN INVOLVEMENT

We gain so much from our camper's parents. Your insight into what may be at the root of your child's behavior and strategies that will help us guide their behavior is welcomed.

TERRIFIC TIPS TO MAKE EACH DAY A GREAT DAY

For some children, this may be their first camp experience. We offer the following suggestions to make every day fun-filled for your camper:

- If you think your child may be hesitant, arrange a tour of camp so that your child becomes familiar with our campus
- Let your child know that it's ok to feel both excited and scared at the same time
- Talk about what a camp day might be like
- Encourage your child to talk with their counselors as they are always ready and willing to help
- Because your campers are so active during the day, they often come home tired. Early dinners and consistent bedtime routines will help make the evening enjoyable for all

WHAT'S IN A JCC ROCKLAND CAMPS SUMMER?

- Opportunities to learn new skills
- Increased confidence and self-esteem
- Swim, sports, crafts, special events and traditions
